

SOS

It's a long-term, attractive extension and enrichment of curriculum of English lesson with the support of various Web 2.0 tools and with collaboration with partners from European schools.

Our aim is encouraging the students, to improve their skills in English and taking an interest in learning English. We want students to learn English with fun. The activities will be issued online via Web 2.0 tools. We will record videos, create learning materials, posters, blogs, online quizzes, have video conferences, share materials on Twinspace, work in transnational pupil teams for common products such as an emagazine / ebook, a story/a poem, a game, disseminate/evaluate the project by working collaboratively.

## ACTIVITIES IN THE PROJECT

1) Student prepared logo and poster for SOS eTwinning Project.

# SCHOOLS OF eTwinning SUCCESS

2)As Ören secondary school,we prepared common logo for SOS eTwinning Project..We put partner schools logos in common logo in canva.
